

CITY OF CYPRESS
2024 STATE AND FEDERAL LEGISLATIVE PLATFORM

The Legislative Platform is a tool to protect and promote the City's interests on priority issues, legislative and regulatory matters that may impact Cypress. The Legislative Platform defines the City Council's policy guidelines and legislative priorities to provide the foundation for advocacy efforts at the federal, state, and local levels. Maintaining a legislative platform allows for timely response to legislative and regulatory issues important to the City, including letters from the Mayor or City Manager to the Legislature and/or Congress consistent with the Platform. The Legislative Platform also summarizes the City Council's positions on priority issues without precluding the consideration of additional legislative and budget issues that arise during the year.

POLICY GUIDELINES

I. PRESERVE LOCAL CONTROL

Preserve and protect the City's charter powers, duties and the ability to enact legislation and policy direction concerning local affairs, and oppose legislation that preempts local authority. Local agencies should preserve and enhance authority and accountability for revenues raised and services provided.

II. PROMOTE FISCAL STABILITY

Support measures that promote fiscal stability, predictability, and financial independence. Support measures that preserve the City's revenue base and local control over local government budgeting, recognizing that economic cost is a factor in considering the merits and/or impacts of proposed legislation or regulation. Oppose measures that make cities more dependent on the County, State or Federal governments for financial stability, such as mandated costs with no guarantee of local reimbursement or offsetting benefits. Oppose measures that shift local funds to the County, State or Federal governments, without offsetting benefits.

III. SUPPORT FUNDING OPPORTUNITIES

Support opportunities that allow the City to compete for its fair share of regional, state and federal funding, and that maintain funding streams. Opportunities may include competitive grant and funding programs. Opportunities could also include dedicated funding streams at the regional, state and federal levels that allow the City to maximize local revenues, offset and leverage capital expenditures, and maintain City standards and goals.
