

Valley Vista Services
Waste Disposal and Recycling Division

FOOD WASTE RECYCLING BEGINNING MONDAY, APRIL 4, 2022

This notice is to inform you of rollout dates for the new Residential Organics Recycling Program beginning **Monday, April 4, 2022**. Valley Vista Services will begin delivering food pails to residents on their regular service days from **Monday, March 7 through Friday, April 1**. Included with your food pail will be an informational brochure as well as a starter roll of compostable bags. (Liner bags will not be supplied after initial roll is provided.)

This is in accordance with **California State Law SB 1383**, which requires the recycling of all residential and commercial food waste. Residents are being requested to separate all food scraps from their regular garbage, and consolidate it into their green waste. *Please see instructions for how to separate below.*

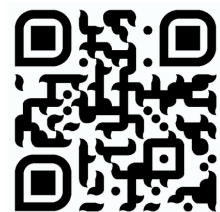

-
- Step 1:** Place pail in a convenient place (on kitchen counter or under kitchen sink)
 - Step 2:** Line pail with a compostable or plastic bag; place ALL food scraps inside
 - Step 3:** Remove tied bag of food scraps from food pail and place into your green waste cart

Food waste includes:

Meat and bones, fish and poultry, bread, grains, cereals, pasta, cheese & dairy products, eggs & eggshells, fruits and veggies (pits & peels), coffee grounds & filters, tea bags, leftover scraps and spoiled food.

**Use smartphone
to scan QR code
for additional
resources:**

Please prepare to begin placing bagged food scraps into the green waste cart starting **Monday, April 4, 2022**. If you have any questions, please contact our Customer Service Department at customerservice@myvvs.com or (800) 442-6454.
