A Message from the League Director

As our summer season comes to an end, I want to thank everyone that has made this season possible! This season was one for the books and I hope that everyone had an amazing time.

To all of the coaches that volunteered their time, thank you! Our leagues wouldn't be possible without you and your dedication to our league. Your hard work and efforts this season shine through the players and their growth.

To the parents, thank you for choosing our league and entrusting us with your player's athletic journey. Your commitment to your player by taking them to every game and practice has not gone unnoticed.

Players, I hope you not only learned new skills this season, but also created great friendships and memories. I hope that everyone has a great rest of their summer and I hope to see everyone back on the court in winter!
