

Available Containers

BINS:

3 cubic yard plastic bins are available for businesses that routinely generate large quantities of food scraps

CARTS:

96 gallon plastic automated carts are available for businesses that routinely generate small amounts of food scraps

More Services:

Looking for another type of collection service?

We have programs for construction and demolition debris, e-waste, light bulbs and more. We offer wheeled carts and dumpsters in a wide variety of sizes.

We are here to serve!

Valley Vista Services of Orange County experts can help you assess your waste stream, make suggestions regarding how to reduce waste and increase recycling, and make sure that appropriate collection service is arranged. We will also provide helpful training for inside your business.

Recycle Food Scraps
Save Resources
Easy to Start
It's the Law!

JOIN THE ORGANIC WASTE RECYCLING FOR BUSINESS PROGRAM

AB1826: Mandatory Organic Recycling for Certain Businesses

AB 1826 phases in requirements for businesses that generate specified amounts of organic waste, per week, to arrange recycling services for that material.

Businesses must start recycling organic waste by the following dates:

Phases of AB1826	
Phase/Date	Compliance Threshold (Cubic Yards Generated Weekly)
Phase 2- January 1, 2017	4 (organic waste)
Phase 3- January 1, 2019	4 (commercial solid waste)

Acceptable Materials

Paper Products and Food Scraps including:

Fruits, vegetables, peels and pits
meat, poultry, fish, seafood and bones

All dairy products, eggs
bread, grain, pasta and nuts
tea bags, coffee grounds

leftovers and plate scrapings,
paper towels, napkins and paper plates
and compostable plastic bags accepted
